

POW-05-ALZN Oval steel washers - deep version

Steel pressure plates for fastening of single ply membrane systems

Approvals and Reports

- ETA-09/0346

Product information

Features and benefits

- Deep shape of the washer in connection with WB double-threaded screw is the solution for installation of roofing membrane system to steel sheet
- Oval washer made of aluminum and zinc sheet, which ensures a very high resistance against corrosion

Applications

- Systems of mechanically fastened flexible roof waterproofing membrane

Base materials

Approved for use in:

- Metal Sheet & Profiles
- Timber
- Chipboard
- Plywood
- Oriented Strand Board
- Concrete
- Concrete Slab

Installation guide

1. Position POW washer on insulation and insert: WBT, WCS, WW screw
2. Using drilling machine, drive the screw into substrate until fixing depth is reached
