

RT-CDI Cutting wheels for stainless steel

Angle grinder wheels for fast cutting of steel and stainless steel

Certificate
EAC

Product information

Features and benefits

- High-quality European electrocorundum increases the service life of the wheel
- The hardness of the R-disc is suitable for cutting hard steel including stainless steel
- The thickness of the wheel is ideally suited for fast and efficient cutting
- The resin binder is reinforced with 2 layers of mesh to protect the disc at high speed
- The internal bore of 22.23 mm allows the use of all angle grinders available on the market
- Manufacture in Poland guarantees high quality

Applications

- Designed for fast cutting of steel and stainless steel

Base materials

- Stainless Steel
- Structural Steel
